Families of 6th Grade Students,

Welcome to School Anytime in the Ontario School District! We are joining with you in this difficult time to assist as much as possible with helping your child continue routines of learning. We're going to start with a simple routine of review and practice that we'll continue to develop throughout the coming weeks. Please keep in mind some important notes as you join us for this new adventure of remote learning:

- Please remember to use the OSD online portal to access Imagine Learning and various other online activities.
- Tutorials will be posted on the OSD website for additional activities.
- Keep handy your child's login information for the online platforms we use. His/ Her user name is their 6-digit permanent student number, and password is osd and 8 digit birthday. ( example: osd01232007).
- Look for specific communication from your child's teacher regarding her/his "office hours," including ways to contact, etc. Email addresses are listed below.
- New materials will be posted and/or distributed each Wednesday in the coming weeks, along with an itemized list of the curriculum and directions for completion.

MATH: Spark document. This document will include five pages for the week. Students are asked to complete one page a day. The following Wednesday, they will receive another 5 pages, along with the answer key to the pages they completed the week before, so they will be able to check their answers.

ELA: Reading Street Fresh Reads. You will find two stories, we refer to as Fresh Reads, that include a few comprehension questions, and perhaps a written response. We ask that your child completes what he/she can on these this week. We also ask that your child reads 20 minutes per day and can choose from the Tic Tac Toe activities throughout the week.

WRITING: Journaling Assignment. Students will complete a sensory writing assignment. The assignment is meant to allow students to document how they are feeling, fears, daily routines, what they are hearing, as well as changes they are seeing.

Please feel free to contact your child's teacher through email or by calling the school during regular business hours. We miss our students and will do whatever is needed to ease this time for them and their families.

Sincerely,

Your Ontario School District 6th Grade Team
